Only fear the Lord, and serve him in truth with all your heart: for consider how great things he hath done for you" (1 Sam 12:24).

If you invest in the stock market, typically there is some research involved depending on your depth of knowledge of market operation. One piece of information to consider when investing is "track record". You can track a company's past performance to give you an idea of how they will fare in future results.

God has a track record that proves to us how He will perform in the future (Acts 14:17). When we look forward with uncertainty, all we have to do is look back and see that God has never left us nor forsaken us (Heb 13:5). We may not have realized it at the time, but the old saying is applicable, "Hindsight is 20/20."

God didn't bring us this far to give up on us now!

Eric D. Garner

Let's all try to send these folks a card this week to give them a little boost of encouragement and to let them know that we're praying for them.
