“Ye are the salt of the earth: but if the salt have lost his savour, wherewith shall it be salted? it is thenceforth good for nothing, but to be cast out, and to be trodden under foot of men” (Mt 5:13).

Have ever seen someone use salt on food before they even taste it (some of you may be reading this)? Really though, no one uses salt to make their food taste worse. When we consider the qualities of salt, it is a preserving and influencing agent. Before refrigeration, salt was used to preserve food and some modern chefs still use that method for meats. Salt also influences the way food tastes.

Jesus referred to God's people as the “salt of the world”. Christians preserve (2 Pt 3:9) and influence (1 Cor 15:33) the world. Always remember, what we do as Christians really does matter to the world.

Go preserve and influence!

Eric D. Garner

The fifth Sunday of this month, October 30th, the entire contribution will go to the Building Fund.

### ATTENTION LADIES

There is a new Nursery Attendant sign-up sheet on the table in the foyer for those willing to assist.
