“But Naaman was wroth, and went away, and said, Behold, I thought, He will surely come out to me, and stand, and call on the name of the Lord his God, and strike his hand over the place, and recover the leper”2 Kings 5:11).

Some Christians have what I call “Naaman-itis”, which is the phenomenon of only looking for God in the great, grand, and glorious moments.

People often desire God to work in huge displays of power manifested in supernatural acts. What Elisha told Naaman was too simple for the size of his problem – leprosy. Naaman wanted something BIG to prove that God relieved him of his ailment. Elisha simply told him to dip seven times in the Jordan River. When Naaman obeyed God’s simple command, he was healed.

Let us see God in the minute and minuscule; in the face of our loved ones, the portion of health, the ability to have income, the food we are able to eat each day, and the many obscure blessings that we often take for granted!
